

# GRIT ROBOTICS CAMP

## What is GRIT Robotics?

GRIT Robotics is a **free** summer camp for incoming high school freshmen to learn how to build and code robots. Campers are mentored by outstanding high school robotics, engineering, and IT students. Along the way, campers will gain other valuable engineering and personal skills by participating in fun activities.

## Where?

Grand Island Senior High School  
Robotics Lab (Room 118)

## When?

Weekdays June 13th - 24th

Noon - 3pm

Campers will ride the Power Camp buses from each middle school
